

My name is Chuck and I am a 44 year old man. I have suffered from chronic pain coming from a shoulder injury that I received in an off road, four-wheeler accident in 1996. Following two orthoscopic surgeries in 2002 and 2004, degenerating arthritis developed, causing cartilage loss and bone on bone rubbing, resulting in excruciating pain.

For four years I took pain killing medication until I met Roger through his BrotherHarold.com web site. After talking over my problems, Roger began using Reiki on my neck and shoulder. Roger is a Reiki Master. After a few Reiki treatments, the pain in my neck was gone and my shoulder pain was almost gone, allowing me to do yard work and restart my Martial Arts training.

Surgery in 2006 for a Hernia in my groin caused my first treatment from Brother Harold. It began right after surgery, and continued daily for about a week. Brother Harold caused my muscles to heal rapidly and the covering scar to heal just as quickly. I was in bed for one day, and then I was up and doing things. My Doctor was amazed to see how quickly I was healing when I went to have my stitches removed. I told him that I owed it all to Roger and Brother Harold.

In April of 2007, my left shoulder (ball and joint stem) was replaced by Dr. Janeway of Forsyth Medical Group. Through a six inch incision, he cut through my muscles and did an excellent job of replacing the ball and joint stem. Again, Roger and Brother Harold worked on me shortly after surgery, giving me wave after wave of energy to heal the cut muscles. Roger also simultaneously performed Reiki on the shoulder and ended with Ama Deus, another healing approach.

Brother Harold, Reiki and Ama Deus all became a daily ritual for two weeks. I was out of the hospital after two days, and I was mowing my yard the third day (putting no pressure on the left shoulder). Liberty Health Home Care sent a therapist to my home to aid my recovery. The doctor had scheduled me for 60 visits, the normal recovery time for similar surgery.

The therapist who came to my home was amazed at my progress. She said I would need no more than 4 visits. I was operated on April 10, 2007. Today if May 2, 2007. The therapist has come three times, and Monday will be her final visit!

I sincerely thank Roger and Brother Harold for all their work! I am pain free, and my liver and kidneys thank them also; no need for pain medication any more. I will now be back to Martial Arts and the things I love to do. I have a life again! If you have any questions, e-mail me at [Red62c@aol.com](mailto:Red62c@aol.com)
